Regional Youth Board Tip of the Month:

“As the grass comes in during the Spring, make sure to transition your horse slowly. Early spring grass is high in protein and sugars and can lead to digestive problems. Slowly increase the grazing time so your horse can adjust.”

MESSAGE FROM THE RS

Nationals has just sent out several URGENT memos regarding deadlines for UL tests, officers that need to update their trainings or background checks and clubs that are not yet on the USPC financial program.

1. If you or a member of your club is considering testing C3 or up...CHECK THE DEADLINES!! Many are coming soon!! Late fees apply after the deadlines and tests are in danger of being cancelled if the numbers are too low.
2. At least 4 clubs have officers that need background checks or online trainings. I will send out individual memos in the next few days...but the originals went to the clubs already. If you fall into those categories - please take care of these obligations ASAP. Officers can check the status of club members on the secure website window for your club.
3. Seven clubs (mine included) are still not up & running on the USPC financial system which was supposed to be running by Jan. There is a tutorial and support manual online under the treasurer section that you need to read through and download some worksheets to fill out. Those get mailed to Nationals and then they will open up the digital version to you to begin the conversion. Nationals will help you, Jean can help you and once I figure mine out, I would be happy to help you...but this needs to be a priority for your treasurers.
